

# Letter of DOA Acceptance

FOCA.21J.003

Pursuant the Swiss "Verordnung über die Lufttüchtigkeit von Luftfahrzeugen (VLL SR 748.215.1)" and subject to the conditions specified below, the Federal Office of Civil Aviation (FOCA) hereby accepts:

## Kuerzi Avionics AG

CH-9506 Lommis

As a DO having demonstrated its capability in accordance with Swiss regulation Art.4 (1,b) VLL for the design of changes to aeronautical products falling under the scope of the VLL (non EASA products).

### CONDITIONS:

1. The LoA is limited to that specified in the Terms of Approval of the EASA Approval Certificate EASA.21J.365; and
2. This LoA requires compliance with the dedicated procedures specified in the Design Organization Handbook:
  - reference KUAV Design Organisation Exposition, in the latest EASA accepted revision, including
  - KUAV DOE Appendix E, in the latest FOCA accepted revision, and
3. This LoA is valid whilst the accepted design organization remains in compliance with (EC) 748/2012 and amendments, and
4. Subject to compliance with the foregoing conditions, this LoA shall remain valid until surrendered or revoked.
